

Anprolene Service Contracts

100% Ethylene Oxide Sterilisation

Peace of Mind:-

Tried and tested, reliable equipment,
backed by a choice of service options.

- Full Service Contract.
- One off service visit.

Full Service Contract:- this will give you total peace of mind for a whole 12 months, it includes:

- Parts and labour for any repairs under the contract.
- Carriage, should the cabinet need to be returned to Andersen Products for repair, and provision of a replacement cabinet whilst your cabinet is away.
- Visit from a technician to repair the cabinet, should this be necessary.
- Annual visit from a technician for health and safety check, including certification.
- First class technical support Monday to Friday 8.30am - 5pm.

£650.00 + VAT

With a full Service Contract a no claims discount will be offered for a further 3 years reducing the service contract price by £50 each year.

The full service contract can only be offered on models under five years old and cannot be extended beyond the point when the cabinet reaches ten years old.

One Off Service:- a complete service on your steriliser, including a health and safety check and certification. Please note however, any parts which may be required would be at an additional cost.

£495.00 + VAT

If you would like any further information, to see a copy of the service agreement or to book a service, please call Customer Service at Andersen Products on 01255 428328 or Ashley Mooney on 07947 127595.
